INSURE YOUR LIFE

IN THE

BERKSHIRE

Life Insurance Company,

OF PITTSFIELD, MASS.

A Strong Home Company.

Purely Mutual! Funds Securely Invested!

Company's Building, Pittsfield, Mass.

Economically Managed! Losses Promptly Adjusted!

INCORPORATED, 1851.

31 Years of Successful Business.

The Berkshire issues every desirable form of Policy.

WILLIAM R. PLUNKETT, *President.*
JAMES M. BARKER, *Vice-President.*
JAMES W. HULL, *Secretary and Treasurer.*

WHY I SHOULD INSURE MY LIFE.

1. The insurance increases the value of my estate by exactly the amount of my policy.

2. My own life may be short; but, by insuring my life, I know that I can leave enough property to give my family a certain income.

3. My house I insure; shall I not, then, insure my life, which is of more value to my family than any house could be?

4. Death is certain; and every dollar that I invest in the non-forfeiting policy of a solid and prudent company must come back to my family, perhaps in their hour of greatest need.

5. A man may purpose to lay by, each year, a small sum for his family. Experience of the world has shown that he does not do so unless some obligation is created. By a stipulation to pay a small amount each year, I secure directly to my family more than I could accumulate in many years.

6. The life policy is preferable to the savings bank as an investment; because, while it pays substantially as good a rate of interest, the policy is secure from the demands of creditors: moreover, it provides for the daily risks of life, of which the savings bank takes no note whatever.

7. Because the best financiers, our leading bankers, merchants, business and professional men, insure their lives; and their examples in this respect I may safely follow.

In short, in comparing a savings bank with a life insurance company, it is sufficient to say, that a savings bank does not furnish insurance; but insurance provides for the contingency of my dying before a fund can be created for the support of my family by a deposit in a savings bank.

"The mature and enlightened conviction of the public will surely require that any man with whose life Providence and the order of nature have wrapped up the lives and well-being of others, shall be deemed guilty of inexcusable selfishness and criminal improvidence if he fails to invoke for their protection the security which this system offers."

"No other plan has been devised by which duty and affection can so adequately, so securely, and so essentially provide against the uncertainity and the irreparable loss of a productive human life."—MASS. INS. COMMISSIONERS.

WHERE SHOULD I INSURE?

We answer, "In the BERKSHIRE LIFE INSURANCE COMPANY of Pittsfield, Mass.," because,—

It has the benefit of over thirty years' successful experience.

Its business is conducted on the mutual plan, thus enabling members to get their insurance at cost.

It has always paid large dividends, thereby making the cost of insurance low.

It maintains a reserve for the protection of policy-holders, on the Massachusetts standard, the highest basis required by the laws of any State.

It has a large surplus over the legal reserve and all other liabilities.

Its conditions as to travel and residence are very liberal.

Its policies are protected by the non-forfeiture laws of the Commonwealth of Massachusetts, which secure greater benefits to members than those of any other State.

It has always maintained a high reputation for just and liberal treatment of its members by promptly adjusting and settling all policy-claims, a proof of which is the fact, that *no judgment has ever been rendered against it.*

And because a policy in the BERKSHIRE combines the two essential qualities of a *good investment*,—security and

profit. The BERKSHIRE is organized under, and subject to, the laws of Massachusetts,—laws so severe and so strict, in all that pertains to investments and solvency, that no *Massachusetts life company has ever failed;* and hence the BERKSHIRE policies are among the safest of investments. Moreover, the laws provide a guaranty to every policy-holder, upon his failure to continue payment of premiums, of a paid-up policy. In nearly all cases, the amount of such guaranteed paid-up insurance on each individual policy is greater than the total amount of premiums then paid on the same: hence, with few exceptions, each policy in the BERKSHIRE must return to its holder or his estate all the premiums he has paid, improved with some rate of interest. A policy in the BERKSHIRE is not only a profitable investment, but is absolutely secured against loss.

WHEN SHOULD I INSURE?

Now: every reason which impels me to insure my property *now* argues in favor of immediate action in insuring my life. If in good health to-day, I can get insured; if I delay, my health may become impaired, and then no company will issue me a policy. The rates grow higher with every additional year: thus, the longer I wait, the higher will be my annual premium. Having no certainty of life, if I delay, I may wait too long, when it will be too late forever,—in short, I gain nothing, but surely lose, by delay. I gain all, and lose nothing, by acting NOW.
